Colour in Ruby's mum Agatha to bring her to life!

AGATHA GILLMAN

Agatha Gillman is Ruby's mum. She's also a kraken who pretends to be human, but unlike Ruby, she is crushing it on land. She's the number one real estate agent in Oceanside and she's about to launch her own development with a huge kick-off barbecue. But after Ruby transforms into a Giant Kraken, Agatha confesses: she's a Giant Kraken too. Giant Krakens aren't monsters, they're protectors! Agatha brought her family to land to protect them and that meant keeping Ruby out of the ocean and hiding the truth from her.
